Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

- 1. (currently amended) A media comprising:
- a) an image-receiving layer on which an image may be formed;
- b) a protective overlayer provided over said image-receiving layer, said protective overlayer having machine-readable indicia integrally formed thereon during application of said protective overlayer over said image receiving layer.
 - 2. (currently amended) A media comprising:
- a) an image-receiving layer on which an image may be formed using a thermal head; and
- b) a protective overlayer provided over said image-receiving layer, said protective overlayer having machine-readable indicia integrally formed thereon during application of said protective overlayer over said image receiving layer.
- 3. (original) The media of claim 2 wherein said indicia being transparent so as to allow viewing of an image provided on said image-receiving layer.
- 4. (original) The media of claim 2 wherein said protective overlayer comprises an IR absorbing dye.
- 5. (original) The media of claim 2 further comprising an adhesive layer for securing to an item.
 - 6. (currently amended) A media comprising:
- a) a 1st machine-readable indicia in an image layer on said media;

- b) a 2nd machine-readable indicia in a protective overlayer that is identical in content to, and in register with said 1nd machine-readable indicia in said image layer, said machine-readable indicia being integrally formed during application of said protective overlayer over said image layer.
 - 7. (currently amended) A label comprising:
- a) a image-receiving layer on which an image may be formed using a thermal head; and
- b) a protective overlayer provided over said image-receiving layer, said protective overlayer having machine-readable indicia <u>integrally</u> formed thereon during application of said protective overlayer over said image receiving layer.
- 8. (previously added) A media according to claim 1 wherein said machine-readable indicia comprises machine-readable code.
- 9. (previously added) A media according to claim 8 wherein said machine-readable code comprises a bar code.
- 10. (previously added) A media according to claim 2 wherein said machine indicia comprises a machine-readable code.
- 11. (previously added) A media according to claim 10 wherein said machine-readable code comprises a bar code.
- 12. (previously added) A media according to claim 6 wherein said machine-readable indicia comprises machine-readable code.
- 13. (previously added) A media according to claim 12 wherein said machine-readable code comprises a bar code.
